INDEPENDENT CO-PAY ASSISTANCE FOUNDATION

If you need help with the co-pay for your TECENTRIQ, Genentech Access Solutions can refer you to an independent co-pay assistance foundation.[†] Independent co-pay assistance foundations help patients with public or commercial health insurance.

†Independent co-pay assistance foundations have their own rules for eligibility. We cannot guarantee a foundation will help you. We only can refer you to a foundation that supports your disease state. We do not endorse or show financial preference for any particular foundation. The foundations we refer you to are not the only ones that might be able to help you.

THE GENENTECH PATIENT FOUNDATION

The Genentech Patient Foundation[‡] provides free TECENTRIQ to people who need it.

‡To be eligible for free TECENTRIQ from the Genentech Patient Foundation, insured patients who have coverage for their medicine must have exhausted all other forms of patient assistance (including the Genentech Oncology Co-pay Assistance Program and support from independent co-pay assistance foundations) and must meet certain financial criteria. Uninsured patients and insured patients without coverage for their medicine must meet different financial criteria.
